Nifty 50 vs Advances & Declines

Source: NSE

Indian equity market ended lower mainly because investors remained concerned about high crude oil prices, geopolitical tensions in West Asia/Middle East, and rising global bond yields.

Novartis India announced an agreement to acquire the Minipress trademark from Pfizer for Rs. 1,250 crore. The transaction strengthens Novartis India's portfolio and gives it ownership of an established brand in the domestic pharmaceutical market.

Minda Corporation has outlined plans to expand its international business and is targeting export revenue of Rs. 1,500 crore over the next four years. The company is focusing on increasing its global presence, strengthening customer relationships, and growing its product reach in overseas markets. The export push forms part of its broader long-term growth strategy.

HDFC Bank has completed selling a majority of its stake in HDFC Credila, an education finance subsidiary, for Rs 9,553 crore to private equity firms BPEA EQT and ChrysCapital. The bank would no longer have HDFC Credila as a division.

Term of the Day

Risk Management

Definition: Risk management is a process by means of which risks are identified, assessed, monitored and finally mitigated for any process or organisation. It is a process which is considered very critical for proper functioning and maintenance of any organisation. Some of the risks which a company is generally exposed to are financial risk, environmental risk, theft risk besides others.

Explanation

Risk Management is a critical part of organization’s strategy and it is widely seen as an essential part of the business. Companies face various risks and it is strategically very important to make provisions for them and mitigate them wherever possible. Effective risk management practices of the organization makes it less vulnerable and better prepared for uncertainty. Some of the common methods of mitigating risks are transferring it to a third party (insurance), budgeting for the same, implementing stringent control measures and finally creating a backup plan. Let us take an example of a company X based in India.
